INDUCTION

The induction program at Veer Madho Bhandari Uttarakhand Technical University is a significant event, serving as a warm welcome for new students and providing them with insights into the institution's academic and research culture. On August 19, 2004, an eminent IIT professor, Dr. Rajat Aggrawal, delivered a lecture extensive experience in research and patenting.

During this program, Mr. Akhil Pratap Singh, an alumnus of IIM and the Uttarakhand Technical University, underscored the pivotal role of effective time management as a cornerstone for success, encouraging students to prioritize tasks based on their significance and deadlines.

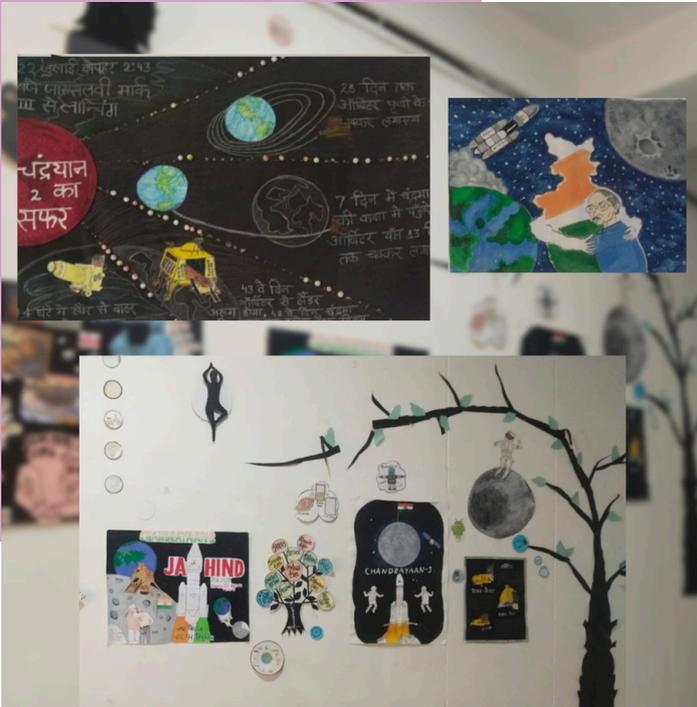

Moreover, the Women Institute of Technology conducted a three-day Life Skill workshop in October, targeting 3rd and 4th-year students, where participants honed skills in public speaking, presentation, and group discussion.

The university also organized a five-day session for 1st-year students in August, focusing on skills like public speaking, presentation, and group discussion. Mr. Chandrashekhar Patil, a heartfulness trainer with a passion for youth transformation, led these sessions, and they were enlightening.

Dr. Alok Srivastav, a professor in Chemistry at Punjab Technical University, Chandigarh, provided captivating insights into the world of chemistry and the contributions of Mr. Oppenheimer. Following this, Ms. Jyotika Bedi, a Counseling Psychologist and TedX speaker, discussed the power of positive thinking and shared practical tips for personal growth, leaving the audience inspired and motivated. The program offered a rich tapestry of experiences and knowledge for all participants

CHANDRAYAN POSTER COMPETITION

The institute's Chandrayan poster making competition was a creative showcase of students' talents. Participants crafted visually stunning posters celebrating India's lunar missions. Themes included Chandrayaan-2's achievements and the significance of space exploration. The event fostered scientific enthusiasm and artistic expression, emphasizing the importance of space exploration in education.

ART DAY OUT

The Women Institute of Technology's "Art Day Out" on August 26th, 2023, organized by the Cultural Club, emphasized the importance of blending academics with creative expression. Students from all years participated in contests spanning digital poster-making, origami, face painting, and more, showcasing their diverse artistic talents. The event concluded at 5:00 PM, leaving behind a palpable atmosphere of excitement and a heightened appreciation for creativity among participants.

PRO BONO CLUB

The Pro Bono Club meeting at WIT was indeed a productive one. Members discussed ongoing and upcoming community projects, including designing affordable housing and organizing STEM workshops for local schools. Ideas were exchanged, and plans were solidified to continue making a meaningful impact through engineering expertise. A successful and purposeful gathering.

COLORED COW SEMINAR

On September 5th, 2023, the "COLORED COW" hosted a noon seminar at the Women Institute of Technology. The seminar aimed to provide students with practical, technical skills beyond their regular curriculum. The team highlighted the value of internships and introduced a consulting branch at WIT. The event concluded with an interactive session for student engagement and doubt resolution.

TEACHER'S DAY

WIT celebrated Teacher's Day with great enthusiasm on September 5th, 2023. The event began with a luminous lamp-lighting ceremony, led by Director Prof. M.K. Panda and Department Heads. The Director's speech was inspiring, and the cake-cutting ceremony was heartfelt. The students organized an array of enjoyable activities such as singing, mimicry, and games. The distribution of tokens of appreciation created a sense of camaraderie and warmth, making the event a memorable one.

ENGINEER'S DAY

On September 15, Engineers Day celebrated Dr. Mokshagundam Vishweshvaraya, India's foremost engineer. The day featured seminars, quizzes, and workshops. Numan Mehraj, a Senior Data Analyst at IBM, enlightened students about Artificial Intelligence and Data Science. A workshop on "Earning through Social Media Marketing using AI" by UPWAN Digital followed. The day's highlight was an intellectual event with activities promoting self-evaluation, motivation, effective communication, and teamwork.

SWACHHTA PAKHWADA

On October 1, 2023, the Ministry of Tourism initiated the "Swachta Pakhwada" campaign to advocate cleanliness. In honor of Mahatma Gandhi's birth anniversary on October 2, a vigorous cleanup took place at the 'Women Institute of Technology' campus, with students, staff, and workers actively participating. Director Professor Manoj Panda provided constant motivation and support.

VISHWAKARMA PUJA

The college celebrated Vishwakarma Puja with enthusiasm. Students and staff gathered for a prayer ceremony, followed by creative decorations in workshops and classrooms. Cultural performances showcased diverse talents. The day ended fostering unity and acknowledging craftsmanship. A memorable celebration promoting a sense of community and creativity.

WALL PAINTING

On September 30th, 2023, WIT students engaged in a wall painting and graffiti contest. They adorned the canteen walls with unique art focused on women's empowerment. Six teams, each with five members, participated for creating impactful social messages. This event beautified the campus while advocating for vital social issues.

GANDHI-SHASTRI JAYANTI

Gandhi-Shastri Jayanti was celebrated at the Women institute of Technology with reverence. The event included a tribute to Mahatma Gandhi and Lal Bahadur Shastri, highlighting their contributions to India's independence. Students and faculty gathered for speeches, a floral tribute, and discussions on their enduring legacies. A day of inspiration and reflection.

IEEE DAY

The Women Institute of Technology in Dehradun celebrated IEEE Day from October 3rd to 5th, 2023, featuring an inaugural ceremony with a Saraswati Vandana performance. Director Professor Manoj Kumar Panda encouraged student participation and lit the ceremonial lamp. Mr. K.C. Mishra delivered an insightful talk. The event included a cake-cutting ceremony, prize distribution for the 2022 IEEE event winners, and t-shirt distribution to the IEEE student branch. It concluded with a knowledge-sharing session by Mr. K. C. Mishra, offering valuable insights. The event was a resounding success, providing a platform for students to showcase their talents and learn from experts.

INTERNAL SMART INDIA HACKATHON

On October 9, 2023, the Women Institute of Technology held an internal hackathon, emphasizing practical problem-solving. Distinguished guests, including the Vice Chancellor and Director, oversaw 26 teams of six students. Eight teams advanced to the Smart India Hackathon, encouraging collaborative innovation.

INTERCOLLEGIATE YOGA COMPETITION

On October 5th, the Women Institute of Technology organized an intercollegiate yoga competition, showcasing students' yoga proficiency from different colleges. The event's goal was to foster self-discovery, body awareness, and overall well-being. Judges Yogacharya Neetu Mishra and Bhuvneshwar Prasad prioritized participation and personal growth over competition.

LIFESKILLS TRAINING WORKSHOP

On October 6 2023, the Women Institute of Technology conducted a three-day Life Skills workshop for 3rd and 4th-year students. Distinguished speakers, Mr. Anand Kumar Taneja and Ms. Neetu Bhalotia, covered topics like Public Speaking and Presentation Skills. The event, held from 9:30 am to 4:30 pm with interactive sessions and activities, was a valuable experience for students.

MADE EASY SEMINAR

On October 19, Made Easy Institute held a seminar on GATE, UPSC, and job prospects after BTech. Mr. Shishir, the spokesperson, passionately highlighted opportunities for engineers in India and abroad. Organized by the Civil Engineering Department, the session aimed to provide valuable career guidance and awareness. Students were enlightened about job prospects in Civil Services, Indian Engineering Services, and other PSUs. They also received advice on higher education. Dr. Swati Rajput delivered a vote of thanks, making the session highly informative.

F R E S H E R S

The purpose of the Fresher's Party is to welcome new students in a friendly atmosphere that encourages creativity and boosts confidence. This party was organized by the second-year students to welcome the first-year and lateral entry students. The program kicked off with the lighting of lamps and a welcome dance, Saraswati Vandana. Students from both the first and second years performed group dances, followed by small games that made the party even more enjoyable. The highlight of the event was a stunning ramp walk where freshers showcased their talents. Shortlisted participants then performed solo dances and introduced themselves. Finally, the chosen candidates were presented with various gifts and titles. The event was a resounding success, leaving a lasting impression on all attendees.

VIGILANCE AWARENESS WEEK

From November 3rd to 4th, 2023, as part of the 2023 Vigilance Awareness Week themed "Say no to corruption; commit to the Nation," WIT organized a Vigilance Awareness event. The activities included a speech competition on "Nepotism as the sneakiest form of Corruption," a Digital Poster Competition, a Battle of Bytes and Bribes, a Board Decoration Competition, and Nukkad Natak. These engaging events encouraged critical thinking and active participation in building a corruption-free society, fostering responsible citizens for a transparent future.

CHIRAAG 2.0

Chiraag, the Diwali fest at the Women Institute of Technology, sparked with vibrant competitions. The rhythmic beats of the dance face-off echoed through the institute, as participants unleashed their choreographic prowess, each vying for the coveted title. The mehendi competition not only celebrated the ancient art of henna but also showcased the participants' ability to blend tradition with contemporary styles, resulting in mesmerizing designs.

The rangoli competition, a riot of colors and patterns, adorned the institute's pathways with intricate artwork, reflecting the diversity of creativity among the students. Meanwhile, the best out-of-waste competition demonstrated the students' commitment to sustainability and innovative thinking, as they repurposed materials into imaginative and functional pieces. Chiraag not only celebrated Diwali but also ignited a sense of talent, and community within the Women Institute of Technology, fostering an atmosphere where creativity flourished and bonds strengthened.

UTTARAKHAND FOUNDATION DAY

The Women's Institute of Technology celebrated Uttarakhand Foundation Day with fervor. The WIT Literary Club celebrates Uttarakhand Foundation Day with a Poetry Competition on 09-11-23. Unveiling the beauty of Uttarakhand through verse, poets compete to capture the essence of the state's rich heritage and landscapes. A poetic tribute to the land of gods and mountains, fostering creativity and cultural pride.
